Doris,

I hope this email finds you well. We would like to know if you are in need of any specific handouts. Please look through Christy's email (attachments) and see which ones you would like more of, if this is the case. If you don't have time to go through the attachments, tell us what "big" topics survivors are most concerned with and we can bring handouts accordingly. Thank you.

**Subject:** DRC #30 St. John Vianney Catholic Church - 625 Nottingham Oaks Trail, Houston - English and Spanish Publications

Dear Ms. Maldonado,

Thank you for taking time to talk with Hurricane Harvey EPA Community Liaisons last week. I know you have been BUSY! Also, I hope your family and friends in Puerto Rico are safe.

The day we visited, you mentioned a need for more hardcopy publications. We are still waiting on our supply to be replenished as well. As soon as we have hardcopy publications, we will be in touch and see if that is something you still need.

Attached you will find a plethora of publications for educational outreach in both English and Spanish. Some, you have seen before, and some perhaps not. I understand some of these may not fit the needs of your current outreach efforts and survivors, but I will provide you with everything we currently have for possible informational dissemination. These documents can be shared electronically, via social media, and/or hardcopies.

How are you doing? Do you have any needs that EPA might be able to assist with at this time?

Thanks,

Christine Cherrett
